

RE ROSEWELL
ENERGY
Leading Chemical Industry

rosewellenergy.com

ABOUT US

WITH OVER
20 YEARS
OF
EXPERIENCE
IN OIL FIELD,

We continuously Innovate new Ideas and develop unique solutions to address production issues and drilling problems, as well as eliminate formation damages encountered during well work activities.

Additionally, we offer products in the Field of inorganic chemicals, pesticides, textile auxiliaries, and other Industrial sectors, demonstrating our reliability and capability in delivering effective solutions to our clients' challenges in a wide Range of industries.

Our
Vision

We seek to be among the top companies leading chemical industry in Egypt and Globally by delivering Value through Innovation and qualified Manufacturing.

Our
Mission

To continually innovate new chemical products and develop new solutions to address the most challenging problems faced by our customers across a wide range of industries. Additionally, we are committed to providing excellent after-sales service to ensure the satisfaction and success of our clients.

Products & Services

Oil Field

- H2S Scavenger Triazine based MEA
- Primary Emulsifier
- Secondary Emulsifier
- Organophillic Clay- RWE- VIS
- Organophillic Clay- RWE- VIS PLUS
- Bentonite
- Org. Corrosion Inhibitor
- Acridine
- morpholine
- Scale Inhibitor
- Acid Corrosion Inhibitor
- Filter cake Removal - CD1
- Filter cake Removal - CD2
- Biocide - RWE - BZ
- Biocide - RWE - BG
- Biocide - RWE - BM
- Anionic Degreaser
- Acidic Anti-Sludge Agent
- Asphaltene Dispersant
- Paraffin Dispersant
- Drilling Detergent
- Drilling Detergent - Plus

Boiler Chemicals

- Boilers Corrosion Inhibitor
- Boiler Washing Solution
- Oxygen Scavenger
- Boiler antiscala RE-S
- Iron Sequestering

Inorganic Chemicals

- urea 46%
- Soda Ash
- Sulphuric Acid 98%
- Caustic soda Liquid and flakes
- Sodium Hypochlorite 12-14%
- Powder base for detergent industry
- Hydrochloric Acid 33%

- Sodium Hydroxide (Liquid 48-50 %)
- Potassium Hydroxide (Liquid)

Textile Auxiliaries

- Red turkey Oil
- Wetting Agent
- Leveling agent
- Softener
- Buffer Solution
- Anti-Static

Pesticides

- Emulsifier OL.
- Emulsifier St.
- Emulsifier 78
- Abamactine 1.8
- Abamactine Transperant

- Fipronil 20%
- Fipronil 2.5%
- Lambada 10%
